
Altius Renews Normal Course Issuer Bid

St. John's - Altius Minerals Corporation ("Altius") (TSX: ALS; OTCQX: ATUSF) is pleased to announce that it has renewed its Normal Course Issuer Bid ("NCIB") and it may purchase at market price up to 1,779,103 common shares ("Shares"), being approximately 4.2% of the 42,783,796 common shares issued and outstanding as of August 14 2019, by way of an NCIB through the facilities of the Toronto Stock Exchange ("TSX"). The bid is subject to regulatory approval. The NCIB will commence August 22, 2019 and will end no later than August 21, 2020. Any Shares purchased during the NCIB period will be cancelled and returned to treasury.

The TSX rules permit Altius to purchase daily, through TSX facilities, a maximum of 11,359 Shares under the NCIB. From August 22, 2018 to August 14, 2019, Altius purchased a total of 380,600 Shares through market purchases on the TSX at a weighted average price of \$12.25 per Share, while its approval allowed for it to purchase a maximum of 814,972 shares.

The reason for the NCIB is that, in the opinion of the board of directors, the value of Altius, based on anticipated cash flows and underlying asset values, is from time to time greater than the market price of the Shares and accordingly the acquisition of Shares under the NCIB represents an appropriate use of funds. Altius has had an active NCIB program every year since 2010.
