About Altius

Altius' diversified royalties and streams generate revenue from 14 operating mines located in Canada and Brazil that produce copper, zinc, nickel, cobalt, precious metals, potash and thermal (electrical) and metallurgical coal. The portfolio also includes numerous pre-development stage royalties covering a wide spectrum of mineral commodities and jurisdictions. It also holds a large portfolio of exploration stage projects which it has generated for deal making with industry partners and which will result in third party funding, equity and minority interests and newly created royalty interests.

Altius has 43,335,654 shares issued and outstanding that are listed on Canada's Toronto Stock Exchange. It is a member of both the S&P/TSX Small Cap and S&P/TSX Global Mining Indices.
